Subject: **Traffic Review – Car Dealership 1 & 15 Miry Brook Road, Danbury, Connecticut – (F5601.00)**

Dear Ms. Emminger:

As per our telephone conversation yesterday, Wednesday, April 27<sup>th</sup>, we are requesting that all traffic related discussions on this Application before the Zoning Commission scheduled for Wednesday, May 4<sup>th</sup> be postponed to the June 1 continuation of this hearing. We understand the hearing will be opened on May 4<sup>th</sup> to introduction the Application.

We received verbal comments from Abdul Mohammed on Tuesday afternoon and need to update our Traffic Analyses and Report to address these concerns. We will not have this update ready for submission before the opening of the hearing next week; however, we will submit it in approximately 7 to 10 days for review. We will present our findings and address any outstanding issues at the June 1 hearing.

As always, we appreciate your input and that of the Traffic Department.

Respectively submitted,

**Michael A. Galante**  
**Director of Traffic**
